

## DIRECTIONS TO THE SALTWATER MARSH & DUNES

The nearest address for the Ballona Saltwater Marsh & Dunes is Alkali Water (aka Gordon's Market) located at 303 Culver Blvd., Playa del Rey, CA 90293. The entrance to the reserve is behind the market, in the northeast corner of the gravel parking lot.

- Take the 405 (from either north or south) and until you reach the 90 freeway.
- Head west on the 90 and exit at Culver Blvd. Turn LEFT.
- Continue going west on Culver past the intersection with Jefferson Boulevard (on your left), and past the intersection with Nicholson Street (the Inn at Playa del Rey will be on your right).
- Slow down as you come through the town of Playa del Rey.
- Look for the GREEN sign on the right that says Playa del Rey Florist and make a RIGHT into the driveway next to Alkali Water (aka Gordon's Market).
- If you miss the turn, you can make a right at the light (Vista Del Mar) and another right into the driveway at Argonaut Street.

Ample parking is usually available in the gravel parking lot behind Alkali Water (aka Gordon's Market), but may fill up on peak days. Once you've parked, head towards the black wrought-iron gate in the northeast corner of the lot, where you will find the entrance to the reserve.
